# Useful Information

Buying at auction can be fun - and can offer good value for money. We are always happy to answer any queries you may have but below we hope we have given a summary which will answer many of the most frequently asked questions. Whilst this guide will be useful to you, please do be aware that full terms and conditions can be found on our website and you should read these before purchasing.

#### Speed

Depending on the auction, the sale normally proceeds at a rate between 100 and 150 lots per hour.

#### Payment

Payment is normally expected on the day of the sale other than by special arrangement. Payment can be made in cash (up to a maximum of £12,000 including VAT), debit card, credit card (although there will be surcharge in this regard) or by bank transfer. Where possible, lots should be collected on the same day or following day.

#### **Buyer Registration**

We operate a number system for ease and speed and all buyers must register on arrival. Buyers are required to confirm their address and will need to show proof of identity - we suggest driving licence or bank card.

#### **Guide Prices**

Guide prices are in no way definitive and they only exist to help buyers gauge likely values. Where items are offered for sale subject to a reserve price, it is our policy to reflect the reserve price at a level no higher than the lower end of the "guide price".

#### VAT

Lots marked with an asterisk (\*) will be sold at the hammer price plus VAT, in additional to the Buyers premium.

#### **Buyers'** Premium

All lots purchased are subject to a Buyers' premium at 15% (plus VAT at the standard rate). In addition, purchases online will be subject to an additional surcharge as will items purchased with a credit card.

## **Electrical Goods**

Electrical items are tested to comply with DTI standard for safety. This in no way implies that the item is in working order.

#### Damaged and Restored Lots

Although damage is noted on some occasions, general imperfections, cracks, chips etc are not stated and it is the responsibility of the purchaser to satisfy themselves of the condition of each lot prior to bidding.

#### **Commission Bids**

Potential buyers unable to attend the sale can get involved by leaving a written commission bid. We use every effort to execute these bids, but cannot be responsible for missed bids or lots purchased due to incorrect information.
