"Auctioneer"	Means Clarke and Simpson Auctions Ltd auctioneer as appropriate;
"Bidder"	Means a bidder at an auction, including the bidders personally present at the venue and those bidding by telephone or over the internet or otherwise;
"Buyer"	Means the bidder whose bid was the last bid when the auctioneer concludes the bidding;
"Conditions"	Means these Terms and Conditions of Sale;
"Hammer Price"	Means the level of bidding reached (at or above any reserve) when the auctioneer brings the bidding to a close;
"Lot"	Means any property accepted by Clarke and Simpson Auctions Ltd for offer at auction;
"Vendor"	Means the individual or other party offering a lot for sale.

**2. DESCRIPTION** No warranty is given or implied by the description in the catalogue. Each lot is sold in its condition at the time of sale with all faults, defects, imperfections and errors of description (if any). Whilst every endeavour has been made to describe the items adequately and properly, the buyer shall deem to have inspected the lot at time of purchase. All catalogues and Buyer's guides are for information only and do not form part of the contract.

**3. VARIATION OF LOTS** The auctioneers reserve the right to withdraw, consolidate or divide any lot or lots or submit them in any order that they deem desirable. The auctioneers will use every endeavour to ensure that all lots listed in the catalogue are presented for sale, but cannot accept any responsibility for the lots not being presented. Nor can they entertain any claim for expenses incurred in abortive attendance at the sale.

**4. THE AUCTION** All auctions are conducted at the absolute discretion of the auctioneer. The auctioneer shall conduct the auction with reasonable skill and care. The vendor reserves the right to sell subject to reserve price in respect of all lots. What constitutes a bid shall be at the absolute discretion of the auctioneer, acting with appropriate skill and care. The auctioneer shall have the right to refuse any bid in all cases but most notably when such a bid does not exceed the previous bid by at least 10% or such a proportion as the auctioneer shall in his absolute discretion direct. Where two or more bids at the same level are simultaneously received by the auctioneer, the auctioneer at his absolute discretion shall determine which bid to prefer. Subject to the foregoing where two or more bids are at the same level are simultaneously received by the auctioneer, any bid submitted in the room shall take preference over a bid submitted by telephone or internet at the same level. Any bid made or attempted by telephone or over the internet will only be deemed to have been made if received by the auctioneer. The auctioneer has the right at his absolute discretion to refuse admission to his premises or attendance at (or participation in) any auction by any person. In the case of any dispute, the auctioneer shall be sole arbitrator in any matters arising during or out of the sale.

**5. BIDDERS** All bidders will be required to register their particulars, bidders attending in person and those accompanying them will be required to provide photo ID and separate confirmation of address prior to viewing or taking any part of the sale and before entering any part of the premises to view. All bidders accept full liability for all bids submitted. Subject to the clause in this document headed "The Auction", the highest bidder at the close of bidding shall be the buyer. Any dispute about a bid shall be settled at the auctioneer's absolute discretion. Bidders are all deemed to act as principals unless there is prior written acknowledgement by the auctioneers that a bidder is acting as an agent for a named principle. Bidders are strongly encouraged to attend the auction in person. Bidders shall be responsible for any decision to bid for a particular lot and shall be deemed to have carefully inspected and satisfied themselves as to condition. The auctioneers or their employees or agents shall not be responsible for any neglect or default in doing or failing to do so. Bidders will be given ample opportunity to view and inspect before the sale and prospective buyers must satisfy themselves as to all matters. The auctioneers, their employees or their agents or the vendor accept no liability for the correctness of specific opinions and all conditions and warranties, expressly, implied or statutory are hereby excluded.

Number bidding will be used for speed and efficiency as in all our sales. All prospective buyers must complete the form supplied and register in the office prior to bidding at the sale to receive a number for bidding.

**6. PAYMENT** All lots shall be paid for upon the day of the sale and the auctioneers reserve the right to refuse removal of lots when payment is proposed by cheque and the buyer is unknown to them. To avoid such inconvenience payment should be made by cash, bankers draft, debit card or credit card (all credit cards and international debit cards are subject to a 2.5% plus VAT surcharge) and any alternative form of payment (by those unknown to the auctioneers) **must be arranged** with the auctioneers prior to the sale. Credit and debit card payments will only be accepted on a chip and pin basis with the cardholder present. After the fall of the hammer, the lot shall be at the **buyer's risk**. It is expressly stated that the auctioneers will not be responsible for its safe custody. Due to Money Laundering Regulations 2007, the auctioneers cannot accept cash payments in excess of £10,500 (inc. VAT) from any one person. All money received will be held in Clarke & Simpson Auctions Limited Clients Account at Barclays Bank plc, 4 Church Street, Woodbridge, Suffolk. Account Number 33222276. Sort Code 20 98 07.

**7. OVERSEAS PAYMENTS** Overseas payments should be made by inter-bank transfer using Swift to Barclays Bank plc, 4 Church Street, Woodbridge, Suffolk. It will not be possible to transfer lots between buyers after the sale day. There are no exceptions to this rule.

**9. DEFAULT** The auctioneers shall act as agent of the vendor only. Any contracts for the sale of a lot shall be formed between the vendor and the buyer. As agents only, the auctioneers shall not be responsible for default by the vendor or the buyer. If any lot is not paid for in full and taken away in accordance with these conditions, or there is any other breach of the conditions, then the auctioneers, as agent for the vendor, shall at their absolute discretion and without prejudice to any other rights they may have, be entitled to exercise all or any of the following rights and remedies:-

- to proceed against the buyer for any action of debt or damages for breach of contract;
- to rescind the sale of that lot or lots sold by Clarke and Simpson Auctions Ltd to a defaulting buyer;
- to resell the lot (by auction or private treaty) in which case the defaulting buyer shall be responsible for any resulting deficiency in the total amount due (after crediting any part payment and adding any resale costs), any possible surplus so arising shall belong to the vendor;
- to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, the location of such storage shall be at Clarke and Simpson Auctions Ltd discretion;
- to charge interest at a rate of 2% per month of the total amount due to the extent that it remains unpaid for more than two working days after the sale;
- to retain that or any lot sold to the defaulting buyer until the buyer pays the total amount due;
- to reject or ignore bids from the defaulting buyer at future auctions or to impose conditions before any such bids are accepted;
- to apply any proceeds of sale for any other lots due or in the future becoming due to the defaulting buyer towards the settlement of the total remaining due.

**10. INDEMNITIES, PENALTIES AND LIMITATIONS OF LIABILITY** Buyers shall pay for any damage done by themselves or their agents during the removal of their lots. Attendance at the sale shall be at the risk of those attending in respect of both themselves and to their goods and vehicles. Any indemnity under these conditions will extend to all actions, costs, expenses, claims and demand whatsoever suffered or incurred by the person entitled to the benefit of it and the auctioneers declare themselves to be a trustee of the benefit of such indemnity so far as it is expressed to be the benefit of its employees and agents. **11. ELECTRICAL SAFETY REGULATIONS** All electrical lots are subject to electrical safety regulations and fall within "the low voltage electrical equipment (safety) regulations 1989" and therefore any non-compliant items may only be purchased by a trader who is in the business of repairing or reconditioning such items to comply with these regulations.

**12. GENERAL MATTERS** Any notice to any buyer, vendor, bidder or viewer may be given by first class mail or email in which case it shall be deemed to have been received by the addressee forty eight hours after posting or sending. All notices to the auctioneers must be sent in writing and email is not acceptable. Any indulgence extended to any person by the auctioneers notwithstanding the strict terms of these conditions or the terms of consignment shall affect the position at the relevant time only and the respect of that particular concession only; in all other respects these conditions shall be construed as having full force and effect. Their conditions and any disputes or claims arising out of or in connection with them or their subject matter or formation (including non-contractual disputes or claims) are governed by and construed in accordance with the law of England. The parties irrevocably agree that the courts of England have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with the agreement or its subject matter or formation (including non-contractual disputes or claims).

**13. PUBLICITY** Any catalogue and buyer guide are provided for information only and do not form part of these conditions. The catalogue and the buyer guide may contain additional terms and conditions. The auctioneers reserve the right to use any photographs, background information and research for publicity purposes both before and after the sale.
