Please see our website for online catalogue

Timing

Bidding opens 9am Wednesday 3rd November and closes from 9am Wednesday 10th November. Lots in sale 1 (1-1000b) and sale 2 (1001-end) will finish concurrently at 30 second intervals. If a bid is placed in the last five minutes of an item ending, the end time will be extended for a further five minutes. All bidding is to be through i-Bidder and BidSpotter only.

Please do not leave placing your bids until the last few minutes – buyers have been caught out in the past by their internet dropping out or being unstable and the page not updating. You may need to refresh your browser to see the latest bids. It is recommended that bidders use Google Chrome. You can place your maximum bid at any point over the period 3rd-10th November and the system will automatically bid up to your maximum for you. As long a reserve is met, you will only buy an item one bid over the previous bidder, regardless of your maximum bid. Your maximum bid is not visible to the other bidders or auctioneers.

Viewing - 9am - 4pm on Friday 5th, Saturday 6th and Monday 8th November 2021.

The majority of items are located at our Auction Centre, however, some items are onsite, including a large number of lots at Lakenheath. These lots are clearly identified in the description. Please contact us regarding viewing arrangements for these lots.

The machinery will be well spread out but those visiting must ensure that social distancing regulations are adhered to. In order to comply with the restrictions, there may be some waiting required prior to entry to the site/buildings being granted.

Value Added Tax

'V' after any description indicates that Value Added Tax is payable by the buyer on the hammer price. Please check at time of sale regarding individual lots.

Buyers' Premium

The following buyers' premium will be added to the hammer price:
Lots 1-1000 - 18% plus VAT
Lots 1001 onwards Lots up to £500 - 10% plus VAT
Lots from £501 to £2,500 - 6% plus VAT
Lots from £2,501 - 3.5% plus VAT with a maximum of £2,500 plus VAT per lot.

Collection

There will be a loader available for loading 11th-12th and 16th-19th November 8am – 4pm. Thereafter strictly by appointment. There will be no loading or collection available on Monday 15th November or Monday 22nd November. Any lots too large to be loaded by the loader are the responsibility of the purchaser. All lots must be removed by 4pm Thursday 25th November 2021 and attention is drawn to item 26 under the Terms and Conditions of Sale.

Clarke & Simpson do not offer a packing, shipping or palletising service and preparation/ collection of all lots are the responsibility of the purchaser. Full global shipping and containerisation service available from James P Dixon Ltd (01359 258034)

Buyers from outside the UK

In the context of this sale, this also includes buyers from Northern Ireland. Following the UK's withdrawal from the EU, a deposit equivalent to UK VAT rate (20%) will be charged on all lots purchased by buyers outside the UK, regardless of whether the buyer has purchased from Clarke & Simpson before. This will be refunded upon confirmation of export and full traceability provided by the purchaser within the timeframe. The preparation for machinery for export, including cleaning, obtaining phyto-sanitary certificates and export paperwork, will be entirely at the buyer's cost. This work will be not be carried out by Clarke & Simpson. It must be carried out by an appropriate shipping agent. We recommend James P Dixon Ltd, and may involve them removing machinery to their site. Please contact them directly for a quotation on 01359 258034.
